

Lanyard GRILLON, Petzl

Product information

Adjustable lanyard for work positioning

The GRILLON is an adjustable lanyard for work positioning that complement a fall-arrest system. The length can easily and precisely be adjusted as necessary for comfortable positioning at the workstation. Depending on configuration, it can also be used in single or double mode.

- Sewn terminations with plastic sheaths keeping connectors in position protecting the rope from abrasion
- Protective sheaths protect from abrasion and enhances rope glide. Can be removed to bring user close to anchor

Material: Nylon, polyester, aluminum

Marking: According to standard, CE-marked

Standard: EN 358, EN 12841
