

Protective Cap BEANIE

Product information

BEANIE is a cap that protects the head on cold and windy days. The design, specific to each zone, optimizes thermal insulation and regulates humidity. The seamless fitted design and side vents make it comfortable to wear under a helmet, without getting in the way.

Optimal head protection in cold and extreme environments: lower section in Windstopper® offers thermal insulation against cold and wind

Designed for wearing under a helmet:

- upper section is breathable, to limit perspiration inside the helmet
- seamless, fitted design for optimal comfort with the helmet

Does not get in user's way during everyday work: lateral slots in front of the ears ensure hearing is not impeded

Machine washable up to 30°C

Material: Polyester, spandex
