

Regatta Harbour 906

Product information

General: Regatta Harbour 906 flotation jacket is designed primarily for occupational use with regard to work situations where visibility is required. The jacket is very soft and comfortable and has a comfortable high collar with fleece. The built-in flow material provides discreet safety, and the jacket also protects against cooling in an emergency situation. It has a pocket, fastening for VHF, reflexes, D-ring, whistle and crotch strap. Adjustable fit. The jacket is approved as a float jacket. Unisex model.

Size: XS-XXXL

Weight: 1 kg (L)

Approval: ISO 12402-5 50N, EN471

Material: 100% Polyester

Finish: Yellow and black
